

**LINHAI**  
**BIG HORN<sub>28</sub>**  
**TRAIL EDITION**

**Looking for a Side By Side that offers comfort, reliability and performance, all at a price less than a brand new truck?** Look no further than the Linhai Bighorn 28 Side by Side. Featuring a powerful and efficient 28hp Liquid Cooled 4 stroke engine and Four Wheel Independent suspension the Linhai Big Horn 28 can work and play...all day!

Trail Proven Technology™ is built into every Linhai off road product. This means the Big Horn 28 comes standard with heavy-duty dump box, trailer hitch, selectable 4WD, 4 wheel disc brakes, and an independent rear suspension to smooth out the bumps on those spin tingling trail rides. . All this adds up to one serious tool that can make your work seriously fun!

When the work is done and it's time to play, the Big Horn 28 can also be your new best friend. Whether you're ripping through the fields in two wheel drive or creeping down steep hill descents in 4wd Low the Big Horn 28 has you covered (and the standard roof and doors help too!!) In addition to the powerful 28hp four-stroke engine, the power gets to the ground through the silky smooth cvt transmission that is always in the right gear for the terrain. When the going gets heavy the 1400lbs towing capacity has you pulling with confidence and the 4 wheel disc brakes, brings everything to rest with no drama.

**Serious value and serious workload.**

# BIG HORN<sup>28</sup>

TRAIL EDITION

## TOP FEATURES

- **4 Wheel Independent Suspension**

Offers a plush ride over the toughest terrains.

- **Hydraulic Assist Dump Box**

Work smarter not harder! The Bighorn's hydraulic assist dump box can take up to 500lbs and offers easy push-button off-loading.

- **High Torque 28hp Engine**

The Bighorn engine with it's dual range transmission and 2" receiver style hitch allows for heavy pulling, up to 1400lbs!

- **Fits in a standard pickup box**

Need to transport your new Bighorn 28? While most UTV's can only be transported with a large trailer, the Bighorn 28 is the perfect size to fit in the back of your pickup.

- **LCD Digital Display**

Dash mounted display keeps an eye on vital information such as speed, engine temperature, 4WD status, engine RPM and more...

- **Separate Disc Brake for parking**

The Bighorn 28 comes with a separate, heavy duty parking brake that helps the vehicle stay put when off-loading on a steep incline or decline.

- **Underseat Storage**

The Bighorn 28 features a large underseat storage compartment, not available on other models in its class.

Roof and doors standard on all Bighorn 28's
